Some changes in red. I pulled some of the language from the El Paso ceiling increase action memo that we did about 10 years ago so please make it CES specific.

Thanks,

Amy

Gary,

Do I review the draft you sent late Wednesday/early Thursday or are you sending me a new one?

I have to re-review because I think I forgot chemical information.

I got tied up on an OPA case today. I quickly read through the action memo, but I want to look at it more thoroughly tomorrow and provide any comments. Susan, is it going to change significantly so that I should wait to review the updated version?

Amy/Susan:

Could you please review. I know the headings of how this is submitted is incorrect. Also, I know that the document may need to be fixed as the outline is not working properly but I think I have everything in it. If you can help with this I would appreciate.

The dollar amounts are drafts at this time so these will probably change.

Thanks
